#### Spring 2025 Payment Plan - (Standard)

Please review your payment schedule carefully before completing your enrollment. Also, please note that amounts listed on this page may include account activity that is more recent than any billing statement you might have received. In the Account Activity page, you can review all recent charges and credits to your account.

#### Plan Description

This plan is a budget friendly plan that allows students and/or families to make three equal payments over the course of the semester. Any missed installment date will result in a late fee of 1% of the remaining balance being added to your student account. Missed installments will result in financial holds being placed on your account, preventing you from registering for future registration activities and/or accessing your transcript until the installments are brought current.
